PAY OF THE FORCES PUT ON WAR BASIS.

Japan Makes One More Move Toward Opening the Hostilities.

Russia Has Quietly Strengthened Her Position on the Asiatic Shore and the Last Division of Her Warships is Nearing Its Destination—Authorities Feel the Situation is Secure, Even if War Ensues.

[BY THE ASSOCIATED PRESS—P.M.]

LONDON, Feb. 1.—[By Atlantic Cable.] The Tokio correspondent of the Times cables that an ordinance has been promulgated fixing the war pay of the army and navy.

RUSSIA'S STRENGTHENING.

FORCES WELL CONCENTRATED. [BY THE ASSOCIATED PRESS—P.M.]

ST. PETERSBURG, Feb. 1.—[By Atlantic Cable.] It has been well known for months that Russia has been steadily strengthening her army and navy in the Far East to meet the preparations which Japan was openly making. The available warships were dispatched to the Far East, and the last division, which left the Mediterranean a month ago, is now nearing its destination. Quietly, but surely, it was necessary that Russia's preparations should keep pace with those of her diplomatic adversary.

The Japanese reports of the intention of the Seoul garrison to mutiny were, it is added, circulated with the object of inducing the Emperor of Korea to seek refuge in the Russian legation. The only result, however, was to determine the Emperor to place himself under the protection of the United States' legation in case of necessity.

PEKING, Feb. 1.—The Korean minister has been recalled, and will leave Peking in a few days. The Korean legation continues to receive dispatches from the Japanese government regarding the conditions in Korea. The Japanese in Peking discredited the reports intimating that a peaceful settlement will be arrived at, especially in view of Russia's immediate warlike preparations.

New Incumbent's Father Had the Portfolio During the Term of Grant.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, Feb. 1.—At noon today, William H. Taft of Ohio took the oath of office as Secretary of War in the presence of several members of the Cabinet, the General Staff and a number of personal friends. The ceremony occurred at the War Department. He immediately entered upon his duties.

The ceremony took place in the large reception-room at the Secretary's office in the War Department, where the retiring Secretary, John D. Long, was present. The new Secretary, Mr. Taft, was escorted to the office by the retiring Secretary, Mr. Long.

GALE WRECKS TRAIN.

Four of the Crew and One Passenger Injured on the Colorado and Southern Railroad—High Winds in the Rockies.

[BY THE ASSOCIATED PRESS—P.M.]

DENVER (Colo.) Feb. 1.—A special train to the News from Idaho Springs, Colo., says that a passenger train on the Colorado and Southern Railroad, which left Denver this morning for Georgetown, was wrecked by a gale, two coaches and a combination baggage and express car being blown over and badly damaged. The engine and tender remained on the tracks. Four of the train crew and one passenger were injured. The list is as follows:

J. B. ROBINSON, express messenger, Denver; ribs broken, internally injured, may die.

W. STRAIGHT, banker, Dunlap, Kan., hand and hip injured.

M. SMITH, brakeman, Denver; wrist hurt and face badly cut.

PATRICK O'MEARA, conductor, head cut.

A. S. HURLEY, news agent, face cut and bruised.

The train had come to a standstill about fifteen hundred feet from the station in Georgetown, being unable to proceed farther because of the wind. While waiting for the gale to subside, the cars were lifted from the rails by the wind and forced over on their sides. The passengers and crew were thrown with great force against the sides of the cars, but were able to escape through the doors and windows. It is believed that Messenger Robinson's injuries were due to trunks falling upon him.

It was several hours before the details of the accident could be sent to

Denver, as the telephone and telegraph wires were prostrated by the wind. A special relief train, sent from the latter city, encountered poles and wires strewn over the track in many places, and with difficulty reached its destination. The severely injured were taken to a hospital in Georgetown for treatment.

The wind in the vicinity of Georgetown and Denver did considerable damage. In Georgetown, the roof of the Catholic Church was torn off and numerous other buildings were damaged. Traffic on this branch of the Colorado and Southern was interrupted for several hours.

High winds prevailed today along the eastern slope of the Rocky Mountains in Colorado and Wyoming, the prima donna, who of the operatic stage is Mrs. Lillie M. NEW YORK, Feb. 1.—[Exclusive Dispatch.] Mme. Nordica, the prima donna, who of the operatic stage is Mrs. Lillie M. Doehme, was granted an inter-lucatory decree of divorce today by the Supreme Court. The decree was based on the report of the referee who was appointed to take testimony in the action. All papers in the case, except the decree, were sealed up by order of the court. The decree states that the referee has found Zoltan Doehme, the defendant, who is the well-known tenor, guilty of misconduct. No provision is made for any alimony for Mrs. Doehme.

Hanging in the office which the Secretary occupies is a picture of his distinguished father, Alphonso Taft, who was President Grant's Secretary of War in 1876. Thus father and son have held the same portfolio, this being the second instance in the history of the War Department, the first being presented in the incumbency of Simon Cameron under Lincoln, and James D. Cameron, his son, under Grant. There is a single other case of the kind in government history, where Gideon Granger was Postmaster-General under Jefferson and Madison, and Francis Granger, his son, under Harrison and Tyler.

The President went at once to the Secretary's study where he was soon followed by Lieut.-Gen. Chaffee, Chief of Staff, and his assistants, Major-Gen. Bliss and Gillespie and the new Secretary, former Gov. Taft. After ten minutes conversation, the party emerged from the house, the President walking with Mrs. Root, whom he assisted into the carriage. He then, with a firm grip of the hand, bade the ex-Secretary a feeling farewell. After closing the carriage door himself, the President turned, and, bowing to the crowd which had gathered, walked rapidly away to the White House.

Mr. and Mrs. Root drove to the station, preceded by the troop of cavalry and followed by the new Secretary of War, the Chief of Staff and his assistants. Mr. and Mrs. Root left Washington for New York, where Mr. Root will resume the practice of law. The extraordinary military honors shown the retiring Secretary of War were at the direction of the President.

ELECTRICITY MOTOR POWER.

President Baker's Plan One of Great Possibilities.

Predicts no Steam on Pacific Northwest Roads.

Nogales Bank Men Arrested. Skeleton Clears Mystery.

TACOMA, Feb. 1.—[Exclusive Dispatch.] President Charles H. Baker of the Snoqualmie Falls Power Company predicts that within ten years all railroads in the Pacific Northwest will be operated by electric power. He bases his prediction on the expected rapid development of a new combination electric motor and generator, on which electrical experts throughout the country are now working. This combination machine, when perfected and made commercially available, will enable locomotives hauling continental trains down grade to generate electric power and throw it into an immense transmission system. This system will be contained to furnish a maximum voltage of but small percentage, in comparison with the peakload of the system.

Should all railroads between the British boundary and the Columbia River, for instance, be thrown into one system electrically, it would be possible for half a dozen trains descending the mountain to generate power for hauling a similar number of trains up grade on other tracks. This combination motor generator will apply the current for train traction purposes with the motor end, while the generator will develop power from gravity traction. Baker is an electrical expert and has made the Snoqualmie power system one of the largest in the country.

PAULSEN'S SKELETON FOUND. BULLET HOLE THROUGH SKULL.
[BY THE ASSOCIATED PRESS.—P.M.]
REDDING, Feb. 1.—The skeleton of Harry Paulsen, who mysteriously disappeared from Weaverville September 21 last, was found today on Weaver Creek, a mile and a half above Weaver. A pistol lay alongside his head. A bullet hole through the skull showed how he met his death. The remains were identified by the gold-filled teeth which were found half a mile from the remainder of the skeleton.

ARREST ARIZONA BANK OFFICIALS.

PRESIDENT AND CASHIER AT NOGALLES IN CUSTODY.

Warrants Follow Recent Closing of "International," Which Promised to Resume, but Did Not—Feeling Bitter and Many Depositors Short.

TUCSON (Ariz.) Feb. 1.—A Star special from Nogales says that John Dwyer, president, and L. B. Swain, cashier of the International Bank, were arrested at 1 o'clock this morning, at their respective residences, by Sheriff Turner of Santa Cruz county, on warrants charging them with embezzling \$21,000 belonging to the firm of P. Sandoval & Co., bankers, of that city, which was on deposit in the bank at the time of its failure.

President Dwyer was in bed when the sheriff came to serve the warrants, but was taken to the County Jail, where he found Swain under arrest. An hour later, L. H. Hubert, one of the directors, was served with a warrant while in the lobby of the Montezuma Hotel, and was locked up on the same charge. Those imprisoned have not been able to secure bonds, and it is doubtful if they will be able to do so in Nogales or Santa Cruz county, as most every one of means in the county has lost through the failure of the bank. Feeling in Nogales is intense against the officials, as it is openly charged that they knew the condition of the bank, yet they continued to receive deposits up to the day of closing the doors. Many people have been financially ruined.

The bank closed its doors three weeks ago. The officials promised it would resume on Monday. Monday, however, it failed to do so, whereupon the Termination Bank Examiner made an examination of the bank and asked the court to appoint a receiver.

PRIEST SUES BARONET FOR FELONY EMBEZZLEMENT.
[BY THE ASSOCIATED PRESS.—P.M.]
SAN FRANCISCO, Feb. 1.—Sir Thomas P. Brennan was arrested today on a warrant charging him with felony embezzlement on complaint of Rev. P. J. Grey, a retired priest.

The arrest is the outcome of a suit for accounting brought by the clergyman against the physician last December. Brennan was Grey's physician for several years and the complaint alleges that he made away with over \$7,000 entrusted to him by his patient.

CARRIAGE AND WAGON WORKERS REFUSE NEW CLAUSE.

Men Are Locked Out and One Hundred and One Shops Will Remain Closed Until Workers Are Ready to Come to Terms.

CHICAGO, Feb. 1.—Carriage and wagon workers to the number of 1000 were forced out of work today by a general lockout in the factories of the Carriage and Wagon Manufacturers' Association. The men had been notified that the lockout was inevitable unless the union agreed to renew for the forthcoming year an agreement expiring at midnight last night, with a new clause, providing for arbitration in settling disputes. This the union refused to do. The shops, 101 in number, will remain closed until the workers are ready to come to terms.

HOPPE FOR SAN FRANCISCO. "CITIZENS' ALLIANCE" THERE.
[BY THE ASSOCIATED PRESS.—A.M.]
SAN FRANCISCO, Feb. 1.—Herbert George, a Colorado business man, is in the city. He has been largely interested in promoting the organization of the Citizens' Alliance, and declares that very soon the alliance will have 40,000 members in San Francisco, and that the organization will be perfected within the next few months in every large town and city in California. The present membership of the alliance in San Francisco, he says, is 14,000.

Boston Printers Strike.
BOSTON, Feb. 1.—Nine hundred book and job printers of Boston voted today to strike today for an increase in wages over the present rate of 5 cents for every thousand ems, of 11 a week for hand compositors and \$1 a week for machine operators. Saturday the employers, members of the Boston Typographical union, rejected the demands and yesterday the men voted to give the employers another chance today to avert a strike. A committee presented the demands and as far as the wages and at the different shops the men went out.

liminary steps were taken yesterday by the City Council, looking toward the commencement of construction of the new outfall sewer and a finality probably be reached next Wednesday in special session.

Under a contract under which the Forester company are to operate, in supplying brick for the sewer, was made, a series of careful consideration by the council yesterday, several amendments and eliminations were suggested, the matter referred to the City Attorney for correction.

Attention was made to the contract for drain up to that an exception was made as to vitrified brick. Opponents of the brick that would meet the sewer absorption test was practically vitrified brick and that the exception in the contract was in the re of a "nigger in the fence."

Another point at issue was the provision that the brick company should furnish not more than one brick per month, a fact that it was a hardship in the event of work on each of the six sections of sewer being awarded to separate contractors. A contractor wishing to the work to an excess of the amount of brick the company was obliged to furnish, was not himself trapped and without recourse to city for relief.

It was also pointed out that no provision was made for a failure to meet terms of the contract, and Mr. Harmer insisted that a clause be inserted that would enable the city to the lack by withholding money if possible for the municipality to the open market and purchase material not supplied according to the contract. That these weak points in the contract might be corrected, the matter was referred to City Attorney Matthews and will again be presented in a special session of the Council Wednesday.

By this arrangement it was thought the city would avoid delay in getting out of the sewer, in the event of the brick company failing to make good in the supply of material. This position was strongly combated by several of the councilmen, although Attorney Oscar Harmer, for the Forester combination, seemed his willingness to put up for the cash or the bond. It was finally decided that the bond was preferred and the tender of the National City Company of New York was accepted in the sum of \$40,000.

Two months from the time of acceptance of the Forester contract work will be commenced on the sewer, it being the intention to advertise for construction contracts will be let in sections or the work can be bid in whole.

Forester people claim to have all preparations for the installation of their plant and expect to be to supply brick within sixty days. The thousand barrels of cement have been purchased by the city advance supplies will be stored time to time in warehouses established on Santa Monica avenue and Highland.

RIVER HELD
UP IN STABLE.

ACKED BY THREE MEN AND
RELIEVED OF HIS CASH.

Charles Phillips, driver of a wagon, who rooms at No. 218 East 11th street, was his victim and they took him from the property of employer, which he had collected the afternoon. The robbery was out at 7 o'clock last evening in on Jackson street between Los Angeles and Wilmington, in which Phillips told his story to the stives within fifteen minutes after crime had been committed his wife was torn and his face bloody, that his assailants had been him roughly. He tried to protect himself and put up a lively fight, but undered after he had been knocked, a revolver pressed against his and he was threatened with death did not keep quiet. One of the Phillips delivered meat to a number of restaurants in various parts of city and collects for the sales as takes them. It is seldom that he goes to the barn with less than \$50, sometimes he has more than \$100, fact that he carried money was ably known to the robbers, and the stives believe they were familiar his habits.

At night when he returned to the he unhitched watered and fed his and was passing through toward street when some person from behind a large overcoat over and at the same time another d him and demanded his money, and of obeying the orders to keep his companions after taking all the money the highwaymen left place, warning him to remain until had a chance to get away. He as him they would shoot him if he the building while they were with- the detectives Phillips was able

to give only partial descriptions of two of the men. He did not see the third one closely. The two whom he described appeared to be hoboes. One was about 25 years of age and the other about 35.

HAS ANYONE SEEN THIS LOST MAN?

HOW AGED JOHN D. JONES MAY
BE IDENTIFIED.

Disappeared Week Ago and no
Trace of Him Can be Found—Hun-
dreds of Persons Have Systemat-
ically Searched for Him.

The accompanying picture is an excellent likeness of John D. Jones, who left his home in Pomona about 1 o'clock last Tuesday afternoon, wandered eight miles from home and was last seen by Road Overseer I. F. Wire on the Base Line road in the San Dimas wash at 6 o'clock Tuesday night.

Jones is 32 years of age, about five feet four inches high, spare build, weighing not over 120 pounds, very sloping (not round) shoulders, and bow-legged. He has gray hair and short, white full beard, gray eyes which usually wear a vacant look, but brighten

and become rather shrewd in expression when he is addressed. He usually walks slowly with hands behind him and head bent forward, but when he is quickened his gait, thrusts his hands into his pockets. He has for many years been feeble in mind, but recalls the past rather clearly. He is especially proud of his life-long connection with Methodism, and his most frequent inquiry of a stranger is, "Are you a Methodist?" He is likely to speak also of his temperance principles and the fact that he is a Prohibitionist.

He wore when he left home heavy cotton underwear, white shirt, dark blue flannel coat and, narrow, striped gray trousers, shabby black slouch hat and women's shoes, buttoned, rather narrow toe, heels worn at the outer edge. His name and address are printed on the linings of both coat and vest.

BOARD ALTERS MAP OF CITY.

CHANGES IN GEOGRAPHY OF THE
SCHOOL TERRITORIES.

Revision of Boundaries and Creation of New Districts—Transfers and Assignments of Teachers of Several Grades to Suit the Enlarging Accommodations.

Without resort to war or carnage the Board of Education last evening changed the map of the metropolis of the Southwest. Many who last night fell asleep safe in the thought each that he was in a certain school district will awake each to see in The Times this morning that he or she has been moved a half-mile or so into another district. Following is a list of the geographical alterations adopted by the board last evening:

That a new district be established known as Solana avenue district, bounded on the north by Los Angeles river, on the east by Solana avenue, on the south by San Fernando street, to Elgin street, on the south by a line running through Cottage Home street, to the corner of Elgin and Boylston streets, on the west by Boylston street, on the west by Boylston street.

That the northern boundary of Castelar district be changed to a line running from Elgin street through Cottage Home street, to corner of Elgin and Boylston streets, conforming to boundary of Solana avenue district.

WOMEN'S CLUBS.

In the absence of Dr. John H. Haynes, who was to have given an address before the Ebell yesterday afternoon, on "Municipal Government," the subject was dealt with in a plain, straight talk, by J. B. Irvine. Mr. Irvine commended the club for taking an interest in good government for its city, women being to represent them, but he thinks it doubtful if Los Angeles can secure this without an amendment to the State Constitution, and he advocated electing members to the State Legislature who will make a point of securing this amendment. Another important thing to be desired is municipal ownership of public institutions that might become monopolies, the speaker declared. The present satisfactory condition of the waterworks of Los Angeles was pointed to prove this assertion at our own doors, and the working of the Civil Service reform, enabling the retention of old and experienced employees was commended in the same connection. Mr. Irvine believes in giving more power to few individuals in office and the of holding them responsible for good government, and he especially recommended limiting the tenure of franchises granted to corporations.

The power of recall as it exists in Los Angeles is a great safeguard, in Mr. Irvine's opinion, in the hands of any people, and the State of California he regards as particularly fortunate in its Constitution, in that it is favorable to good government.

The small but interested audience at the Ebell, desiring to hear still more of this subject, invited Rev. E. O. Meany, who was present, to continue the discussion. He brought out interesting points. He referred to the heads of monopolies as the "anarchists of wealth," who are striving to silence the voice of the people in this country.

To lighten the deep discussion of municipal government, exquisite music was furnished by Miss Maud E. Richards, who sang Rubinstein's "Since First I Met Thee," an original song, entitled "A Dream," and a sparkling piece of an encore.

Among the coming events announced by Mrs. Hunt is a book review—for next Monday, with three books to be reviewed: Gilbert Parker's "The Right of Way," by Mrs. E. E. Wright; "The Mettle of the Pasture," by James Lane Allen, Mrs. Greenleaf; and Charlotte Perkins Gilman's "Home," Mrs. George Rice.

A course of lectures by Dr. Alfred W. Martin on the "Painters of Florence and Their Relation to Modern Art and Living," will be delivered at the Ebell March 17, 18, 24, 25 and 28.

CHURCH PLACE

BAN ON DIVORCE

REMARriage WITHOUT
CAUSE DENIES MEMBERSHIP

Church of the Nazarene
Final Action on Important
Questions—Fine Lines Are
Extended Only Sympathy to
ers.

Hereafter when Cupid makes
take and his victim tries to
by remarrying in the absence
biblical cause for divorce, he
need look for no balm or
wounds, in the Church of the
Nazarene.

That church will not recon-
sider a divorce, and will not
membership divorced at an
the divorce was obtained on
cal grounds of adultery,
grounds are known to exist
not brought out in the legal
trial.

Ministers of the Church of
Nazarene will not unite in mar-
ried persons known to be
separated for cause other than
biblical cause, unless that cause
is listed.

But ministers will permit the
members to bear their own so-
cially, with proper legal
will be united in marriage
question, adopted at an as-
sembly of ministers of the Church
Nazarene. The minister does
not consider it his business to do any
because the members are
in getting at the facts.

FINAL ACTION TAKEN
The above is in substance the
stance of the divorce article
which was adopted at an as-
sembly of the assembly held in
the Church of the Nazarene
Sixth and Wall streets. Min-
isters of importance in the as-
sembly. The action of the as-
sembly, and contained in the ad-
ditional new manual, pre-
pared by the General Assembly
last year, and containing many
other important matters.

Among other important mat-
ters, the manual contains the
perfecting of organization
Home and Foreign Mission
societies, the organization of a
strict Assembly, auxiliary to
eral Assembly; statements on
the great moral questions
prohibited and marriage, an-
nually, divorce and the remar-
riage of divorced persons.

TEXT OF ARTICLE
The article on divorce read
as follows:
"We regard the prevalence of
as a great evil. While there
such other causes and condi-
may justify one party in seek-
separation, yet only the biblic
for divorce, namely, adultery,
ply moral grounds justifying
separated from remarrying."

In the debate on this article
explained by Dr. F. J. Brown,
the article was adopted by a
superintendent and last night
ing officer, that the church ad-
need frequently for separate
causes other than adultery.
Instances in which the church
known to exist, but which
warranted separation. But as
sons, after separation, must
marry, if they do, they enter
serious condition," he said, "an
immorality."

He explained that the new a-
manual will have an affect per-
ready in the church;
been divorced without the biblic
and remarried, are not to be
separated, yet only the biblic
son will be admitted unless
extended.

"We cannot accept persons
berah who fail to meet the
ments of the divorce article.
Broomer. "We are sorry for the
all that, but we cannot take
them in."

Theater Parties.

Last night at Levy's after-theater supper were given by Mrs. Will Childs, Robert Jordan, Dr. Roth, Dr. Edelman, L. Nordlinger, J. Cohn, Ralph Levy, Mrs. Brownstein and Manny Lowenstein.

Kokas Hearing Set.

Peter Kokas, arrested Saturday night on the charge of using the mails to defraud, was arraigned before the Federal officials yesterday morning, and had his hearing set for February 20. When arrested he gave the name of Edward Portugal.

Prof. Maude's Lecture.

An illustrated lecture on "The Footprints of the Early Spanish Conquerors" will be given by Prof. Maude tonight at the February meeting of the literary section of Temple Union in the very rooms of Temple Union at Ninth and Hope streets.

Meeting of Pioneers.

The Pioneers of Los Angeles county will meet in Caledonia Hall, No. 1194 South Spring street, this evening. J. D. Barrows will speak on "An Exciting Episode of the Early 1800's," and there will be a social hour.

Baroness's Sorrow.

Baroness von Eitner, playing at the Casino the name of Marie Horton, was suddenly summoned to the East yesterday by telegram from her husband, Baron von Eitner, who is expected to live, his trouble being a severe attack of blood poisoning.

Car Blockade.

The heavy return of cars from Acot Park and an unusual influx of cars from all directions caused a blockade on South Main street between Third and Fifth streets yesterday afternoon at 5:30 o'clock. The load proved too heavy and the power fluctuated for fifteen minutes. Twenty-seven cars were backed up between Third and Fifth streets.

Bound for Europe.

Mr. and Mrs. Fuesenot and daughter, Miss Durand, will leave tomorrow for a tour of Europe. Mr. Fuesenot is the French Vice-Consul in this city and a farewell dinner was given last night for him and his party by Mr. and Mrs. L. J. Christopher at their home, No. 313 South Union avenue. Covers were laid for twelve.

Music Men's Spread.

Fourteen city workers of the Pacific Music Company celebrated last evening at the Beverly restaurant the third anniversary of the company. Quail bagged at Elsinore by C. H. DuBois, a retiring officer of the company, were enjoyed. A. M. Salzer, president, and Fred Christianer acted as toastmaster. John Goodman led the story telling.

Dallagiovanna Dying.

The suit against Jules Dallagiovanna, indicted on the charge of having brought Adolphine Babut to this country for immoral purposes, was suddenly continued in Judge Wellborn's court yesterday morning, at the consent of the United States District Attorney. The man is ill from consumption, and signs appearing now to physicians prophesy his death in a few days.

Held on Suspicion.

Gabriel Velasquez dropped a fat bundle and started to run, when he encountered a policeman on North Main street yesterday morning. Officer Daniels gave chase and caught the fellow. The bundle contained two twenty-five-pound sacks of flour and two new blankets. Velasquez said he bought the goods at Monterey. He was locked up on suspicion pending investigation.

Inspection Tour.

General Manager A. G. Wells of the Pacific Coast Lines of the Santa Fe, accompanied by several of his officials, left yesterday in a special train for a complete tour of inspection of the lines of Southern California. One engine and Mr. Wells' private car, No. 4, composed the train, and the tour will take about four days. In the party were General Superintendent F. J. Shephard, Division Superintendent J. H. Hinchey, Chief Engineer R. B. Burns and W. A. Brewer.

Tailor Shop Looted.

When William Hoshart unlocked his tailor shop at No. 3524 South Main street yesterday morning he found the place gutted. A sewing machine and the furniture was all that was left. Burglars had entered with a skeleton key and carried everything else away, locking the door again when they went out. There was about a wagonload of plunder, which consisted of garments, cloth and general tailoring materials. Mr. Hoshart estimates his loss at about \$200.

Lawyer's Pocket Picked.

Nathan P. Bundy, Esq., had his pocket picked while listening to a fakir on a vacant lot below the Van Nuys Broadway Hotel about 11 o'clock yesterday morning. The thief got away with Mr. Bundy's watch, but did not get any of the lawyer's money, of which he had a considerable amount in his pockets. Bundy once defended a pickpocket and thought he had learned some of their tricks, but he learned, when reporting his loss to the police, that this fellow was too smooth for him.

Hurt in a Runaway.

Charles Mooney, aged 3, whose home is at No. 1113 East Tenth street, was the victim of a serious accident yesterday afternoon. He was riding with his uncle, who drives for the Angelus laundry. The horse became frightened on Workman street and ran away. The boy was thrown from the wagon and sustained a fracture of the right leg above the ankle and other severe injuries. He was taken to the California Hospital where the fracture was reduced. The boy's uncle jumped from the wagon and escaped unhurt.

Rain-maker Goes Forth.

Charles Hadfield, expert rain manufacturer, has been sent out by a number of South Spring-street merchants to bring down the recent showers. For the consideration of \$50 Hadfield has planted his instrument in the foothill district near Pasadena, and with a new process of chemical evaporation promises abundant moisture in five days. The magician holds himself responsible for the abundant rains in San Diego county late last spring, and says that he has tried seventeen times, scoring only one failure. Barnett & Gude, H. E. Memory, H. E. Achley and others stand sponsor to this commander of nature.

Will Quit-claim Old Zanja.

At the meeting of the board of Water Commissioners yesterday, a petition was received from property holders living along the south side of Adams street, west of Figueroa, asking that the city take action abandoning the old zanja running west on Adams street to the city limits. The water from this source for some years was used to flood the lavas of adjacent property, but for several years there has been no water in the ditch, and the board decided, in response to the petition, to quit-claim its rights to the property owners, in order that it might not remain as a cloud upon the title in making transfers.

A HUNDRED YEARS OF LIFE.

Elizabeth Brogett Jones
Rounds Out Century.

Time Has Dealt Tenderly
With Rare Woman.

Her Mental Faculties Are
Still Unimpaired.

With the passing of today Mrs. Elizabeth Brogett Jones, of this city, in full possession of her mental faculties, rounds out a century of useful life. Just 100 years ago at Oxford, Green county, N. Y., she was born. In her childhood and womanhood her constitution was not considered rugged nor was she possessed of average health.

MRS. ELIZABETH B. JONES.

Notwithstanding this disadvantage, however, her life has been free from serious illness with the single exception of a stroke of apoplexy, which she suffered at the age of ninety years. Today she enjoys the unimpaired use of her five senses save, alone, that of sight, which has dimmed.

Mrs. Jones comes of Dutch stock, her first American ancestor having arrived in this country early in the colonial period. Of all the stirring events of our nation's life within the past hundred years Mrs. Jones has been a witness, always with well-grounded opinions, and in all of it she has played a woman's important part. An omnivorous reader and careful writer she has kept in close touch with current events and has augmented a clever wit and clear insight by wide study of every branch of literature. The settlement of the West, the Mexican and Civil Wars, the tramp across the plains, the early settlement of California and the development of its industrial and social life have all transpired within the easy reach of her memory. She recalls these epoch-making events readily and familiarly and knows the men and measures of our national life as she does of the features of her children. Mrs. Jones lived at her birthplace until 1816, at which time, as a girl of twelve, she family moved to Iowa. There, in 1824, she married Judge Ezra Jones, a man of unusual scholarly attainment for his time and a successful and widely-respected lawyer. Eight children were born of this marriage. Judge Jones surviving until 1884, at which time he died in California.

CROSSING THE PLAINS. Mrs. Jones did not learn the story of hardship and peril attendant upon traversing the plains in the fifties at second hand. Its battles with murderous Indians, its weary marches, its starvation and death were all a part of her personal observation and experience. Few, if any, of the long list of tragedies of that eventful period excelled in thrilling bravery, murderous savagery, and human suffering, alike to women and men, the terrible experiences of the company of which she was a part.

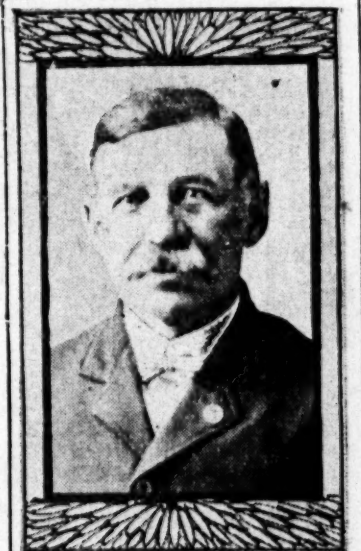

In 1848 her daughter, Amanda, married Leonard J. Rose, whose honored name is now conspicuously identified with the industrial and political life of California. In 1857 Mr. Rose organized a company at Westport, Mo., to traverse the plains to California. In May of that year he set out at the head of an expedition numbering forty-two men and women, of which Mrs. Jones, Judge Jones, and daughter, Mrs. Rose, and a son, were a part. The expedition was equipped with sixteen teams and a full complement of food, clothing, utensils, guns and ammunition. Besides these Mr. Rose took some valuable breeding animals which he intended introducing in this State. The company traversed the Beal route, west of Albuquerque, under the direction of a government guide by the name of Sayedra. On the evening of August 27 they arrived at the Colorado River and encamped for the night, intending to remain several days for rest and repairs.

SURPRISED BY INDIANS. Almost immediately they were attacked by an overwhelming number of Mojave Indians, some of whom had given trouble from Peachtree Springs, west of the river. In the terrible fight which ensued Mrs. Jones protected the children against the poisoned arrows of the Redskins by concealing them behind pillows and other clothing, at the same time preparing ammunition for

the use of the men and comforting the frantic women. During the battle, which was only stopped short of a general massacre, by the killing of the chief by Mr. Rose, Mrs. Jones was seriously and painfully wounded by a poisoned arrow driven through her wrist, while her son was so seriously hurt that he was totally disabled for several months. About fifteen men were killed and many others injured, while all of the stock except two ponies and a yoke of oxen, with all of the wagons, save one, and nearly all of the food supply, were lost in this conflict. Late in the night, after burying its dead and caring for its wounded, the sad remnant of this heroic company took up its weary course eastward, across the sandy waste of Arizona and New Mexico. With the utmost precaution they secreted themselves by day and moved by night: the wagon serving as an ambulance for the wounded, the ponies being ridden by Mrs. Jones and Mrs. Rose, while Mr. Rose walked the entire distance back to Santa Fe. In that trying ordeal of eight weeks Mrs. Jones exhibited that intrepid fortitude which has been a distinguishing characteristic of her personality throughout life which, doubtless, has strongly determined her longevity. For the last four weeks of the return tramp the party subsisted entirely upon jerked meat, without salt, finally reaching its

is said to possess the necessary qualifications for the position to which he has just been appointed. He was for five years employment secretary of the local Y.M.C.A. and did much good work in that capacity. In 1900 he went to the Philippines to engage in Y.M.C.A. work in the army and navy. During his stay in the Islands he was stationed for ten months at the Cavite Navy Yard, and for six months was general secretary of the Y.M.C.A. in Manila. He was obliged to give up his work there on account of falling health. After his return to the States, Mr. Webb entered the employment of the Southern Pacific Company in its civil engineering department. He will now devote all of his time to the interests of the Humane Society.

A JAPANESE MAFIA BOTHERS OFFICERS.

QUEER Los Angeles Japanese secret society, like Mafia, was accidentally disclosed yesterday in connection with a Japanese prisoner now in the County Jail.

The officers cannot find out exactly what it is. The prisoner is a ranch hand named K. Yukawa. The District Attorney was at work yesterday on an information charging him with stabbing another Jap, a foreman at the Leffingwell ranch at Whit-tier, where Yukawa worked.

When the crime was committed the officers were surprised at the difficulty they had in getting at the details. Before they had gone far with the case they became convinced they were bucking up against some kind of organization. Their subsequent investigations brought them still nearer that conclusion. For a long time they could not get the slightest clue to the crime. Then the Japs began to talk. They began to talk all at once, as though by signal. What set them talking was an arrest. It was the arrest of one of their own number. Yukawa claims that he is the scape-goat of a conspiracy. He has no lawyer

TRIED ROLE OF ASSASSIN.

Whittier Graduate Wanted to Kill Ex-Officer.

Came Down from San Francisco for that Purpose.

Found Skulking 'Round Building—Safe in Jail.

A young thug, who was locked up yesterday, confessed to the officers that he had come from San Francisco to assassinate George H. Woodruff, Esq., a well-known lawyer of this city. Woodruff used to be an officer of the Whittier State school when this Mexican boy, whose name is Louis Mesa, was an inmate. Ever since his discharge a year ago the boy has been nursing the vengeance which he hoped to wreak in pay for some vigorous discipline got at Woodruff's hands. He was caught skulking around the Whittier school grounds last Saturday night. A few minutes before midnight Saturday, one of the engineers saw a face peering in through the windows. He was a new man and did not recognize Mesa. It occurred to him, however, that this youth was working his thirst for knowledge about engines overtime. There happened to be an extra man. He executed a flank movement on Mesa and caught him. There is a special statute against reform school graduates hanging around the grounds. He was arrested and charged with that offense. Superintendent Smith questioned the

Whittier, and more recently has been one of the attorneys of the Title Insurance and Trust Company in Los Angeles.

The books at the reform school show a bad record for Mesa. He escaped two or three times. One of his escapes made a stir when he got away at Catalina. The State school boys were in military camp there. The discipline he was made to endure by Mr. Woodruff was not excessive or of a brutal character. All he had to do was extra work and guard duty. Whether Lawyer Woodruff was actually in danger from him is a matter of opinion. It does not seem reasonable to suppose, however, that he came all the way down from San Francisco for the purpose of looking in the power-house windows at the hour of 11:57 p.m. Although Mesa has recently lived in San Francisco, he entered Whittier from San Jose, and was discharged from Whittier in January, 1902. At the County Jail he preserves a stolid silence. He is a tough-looking prisoner.

boy before he was taken to the Whittier jail. He was taken and said he had come down to Whittier from San Francisco for the purpose of "fixing" Mr. Woodruff, who he apparently did not know had left the institution. He said he had brought two boys with him from the juvenile penitentiary at Lone to help "fix" Woodruff. In the jail, in the back yard of the city pound, young Mesa repeated his sullen threat to some of the officers. Yesterday afternoon Mesa was brought before Justice Gildley of Whittier, who sentenced him to the County Jail for twenty days on the charge of vagrancy. He was brought to this city yesterday. Superintendent Smith of the State school says that he has found one of the boys, who Mesa claims came down with him from Lone. The boy denies the story. Mr. Smith takes very little stock in the threats made by Mesa.

"This young man backed off against a wall in my office, and made some big talk about what he intended to do to Mr. Woodruff, but I know he hasn't got the nerve to do it. He is a born coward. He was a boy we had much trouble with while he was here. When caught he would cry and whine around like a baby and try to throw the blame on some one else. Mr. Woodruff is a Stanford athlete and I think he could make it highly interesting for him."

"The officers warned me," he said, "that this young man had come down here, as he said, to kill me. 'When I heard about it I went at once to the jail and told him that if he wanted to try 'doing me up,' I would be happy to have him try it at his earliest convenience. Those four are all cowards. They are afraid to attack almost any man openly, especially any one who has been an officer at the institution.'"

He said that he did not know why Mesa should have especially singled him out for vengeance. "He was a hard boy to get on with. He was a sneak. I used to be pretty severe with him sometimes, took him aside and told him that if he wanted to sneak up behind a man and killed him with a rock." Mr. Woodruff is a splendidly-built man, and could wring the young Mexican's neck in an open fight. He graduated from Stanford with a pair of used-up eyes, and took employment at Whittier as a watchman. He then became principal of the educational department. After leaving the institution he became a lawyer in

SYCAMORE WILL BE PRESERVED.

COUNCIL VOTES TO BUY GROVE FOR CITY PARK.

Special Committee Presents Favorable Report Backed by the Resolution of the Municipal Commission—Money Payable Next July.

Sycamore Grove will become a city park.

The Council voted yesterday to purchase the property for \$22,500, paying for it out of the revenues of the next fiscal year.

The vote stood 8 to 3. Davenport, Kern and Ford opposing the purchase. As six votes are required to authorize the expenditure of money, the park proposition barely carried.

Councilman McAleer was overjoyed at the result. He has made a hard fight for the purchase of the park, with the assistance of the Municipal Art Commission and the members of a special committee appointed by the Council.

The special committee, composed of McAleer, Nofziger and Summerland, presented the following report on the park proposition to the Council yesterday:

"Sycamore Grove derives its name from the fact that there is standing thereon a grove of magnificent sycamores, which has been from time immemorial, one of the landmarks of this portion of the State, and is said to be the oldest grove of sycamores in the United States. Its associations and natural beauties occasioned an immediate and earnest effort to preserve it, and it was by the city as a public park, when it became known that the owners of the property were planning to divide it into town lots. This movement has received the unanimous endorsement of the Municipal Art Commission and has been made a matter of personal interest by many of the most distinguished citizens of the community. After a thorough examination of the subject in all its phases, we hereby recommend that your honorable body take such steps as may be necessary for the acquisition thereof by the city, and the expense to be met by moneys derived from the ensuing tax levy."

This report was debated at some length. Skilling thought that there should be a general bond issue for the purchase of the park and the improvement of the city and the improvement of the city at the same time. Davenport pointed out that the rapidly-growing section of the Sixth Ward was without adequate facilities for its needs.

Kern thought the city should build a new jail, strengthen the walls and floors of the City Hall building and do other things before indulging in the luxury of a park purchased out of the ordinary revenues.

Nofziger made a speech in favor of the purchase of the grove, and when the votes were counted there were just enough to carry the measure.

An arrangement has been made with the owners whereby the city can pay for the property after the beginning of the fiscal year, July 1 next.

LEWIS NAMED.

NEW POLICE COMMISSIONER.

H. W. Lewis, the well-known real estate broker, succeeds J. A. Craig as a member of the Police Commission. The Mayor sent the name to the Council yesterday afternoon, and the appointment was promptly confirmed.

For many years Mr. Lewis has been well and favorably known to Mayor Snyder as a staunch Democrat. At one time Mr. Lewis was associated in business with the late Tom Rowan. He has never held an official position in Los Angeles, but served as County Auditor for six years in Ohio.

Mr. Lewis was born and raised in Dayton, O. He came to California seven years ago. His office is in the Western Building, 1000 Broadway, at West Twenty-first street. Mr. Lewis is a member of the Mystic Shrine and Knights of Pythias.

The Mayor also sent to the Council the name of Louis A. Grant for reappointment as a member of the Police Commission, and that of Rose T. Hickcox for reappointment on the Board of Library Commissioners. Both were confirmed.

HOSPITALS SAFE.

KRAUSE HAS INSPECTED.

The principal hospital of the city is complying with the building regulations, except in some minor particulars, according to a report submitted to the Council yesterday by Building Superintendent Krause. A week ago Councilman Todd secured the adoption of a motion instructing the Building Superintendent to make a careful inspection of all the hospitals in the city. During the week the Los Angeles Hospital, No. 40 South Hill street; Pacific Hospital, No. 3301 South Hill street; Good Samaritan Hospital, 3400 South Hill street; and California Hospital, No. 1414 South Hill street, were inspected.

The property owners will have to pay the cost of advertising. Once before they paid \$100 in fees and advertising expenses to have the proceedings dismissed. At that time the proposed opening ran from Aliso to Fifth street.

Then the proceedings, dropped yesterday, were begun to open the street through to Fifth street.

Now the property owners have concluded that they want to open the street through to Fifth street. In the proceedings that they paid \$100 to have abandoned. They presented a petition to this effect yesterday.

street, and the Pacific Hospital, No. 1414 South Hill street, were inspected.

Superintendent Krause reported yesterday that the managers of the several hospitals have spared no pains to make their buildings fireproof, and that all suggestions made by himself and the assistant fire marshal were kindly received and acted upon.

Notice was given the managers of all hospitals that have not already done so, to put a large placard with the word "Fire Escape" in the passage-way opposite the location of the escape, and to provide movable ladders to extend from the base of the fire escapes to the ground.

At the Los Angeles Hospital notice was given to move the gas meter from the kitchen to the outside of the building, and to place metal about the kitchen stove.

The management of the Frailick Hospital was directed to procure two three-gallon chemical fire extinguishers and to make some changes in the electrical wiring.

Some changes in the electrical wiring, and in the basement of the Good Samaritan Hospital will be made by dissection of the Building Superintendent.

The California Hospital must place a fire escape at the south end of the main wing, but suspended metal ladder over the boiler in the basement and substitute rigid for cord wiring.

An extension of the fire escape on the south side of the Pacific Hospital and chemical fire extinguishers placed on the floor of the main building and the annex before it will pass inspection by the superintendent.

Reports on the other hospitals in the city and on the theaters will be presented next Monday.

A general letter of warning will be sent to the managers of hospitals, theaters, churches, etc., not to place chairs or furniture of any kind in the aisles.

OIL REFINERY.

LEGAL OPINION ASKED.

Councilman McAleer carried his fight against the plan of the Union Consolidated Oil Refining Company in the First Ward upon the floor of the Council yesterday. He said that the people of his ward were suffering from the fumes and odors of the plant and that legal action should be taken to abate the nuisance.

McAleer spoke with much feeling. He declared that property was depreciating, building was at a standstill, and that other bad effects had followed the upbuilding of the refinery. He asked the Council to help him compel the company to move the plant elsewhere.

Attorney Rusk Harris said that the company had expended \$4000 or over along the lines suggested by the superintendent of the water department, and the Health Officer in order to make the plant safe and unobjectionable. He said the plant produced the least offensive odors and was less dangerous to health than any other refinery in the city.

The refinery is situated on the south bank of the Arroyo Seco and some months ago it was asserted that the tanks of "oil" had leaked and that the water supply, as, in the event of an explosion, escaping oil would sink into the sand and eventually reach the water-bearing layer and be dangerous to health than any other refinery in the city.

Yesterday McAleer asserted that these basins were of inferior workmanship, that the center had cracked and that they afforded but slight protection to the water supply. The odors, he maintained, were not from the tanks, but from the refinery.

McAleer again made the point that the refinery is located outside the district set apart for refineries, and that it is operated without legal right.

Councilman Nofziger said that it should not be forgotten that the company had expended \$250,000 in the plant; that the enterprise was one that should be fostered by the city, and that the city was not to be well suited to the purpose as any in the city.

After much further discussion of the right of the refinery to operate, and a demand on the part of several Councilmen for a report from the Health Officer of the water department and the Health Officer as to present conditions, the entire question was referred to the City Attorney.

He gave an opinion at the next session regarding the legal status of the plant.

OFF FOR MEXICO.

MAYOR TAKES A TRIP.

Mayor Snyder is going to Mexico. He has made all arrangements and will leave suddenly next Thursday morning. What is more, the Mayor will go in a private car.

Bank presidents must travel in style nowadays, and the Mayor must live up to his position as head of the new Co-operative Savings Bank.

However, the Mayor has not made enough out of the bank so far to provide the private car and all its luxuries. Neither is the Mayor's sudden leaving-taking for Mexico due to any unexpected slump in the value of bank stock.

Mayor Snyder is going to the City of Mexico on a pleasure trip as the guest of Edward L. Doherty, a well-known mining magnate. He will travel in Mr. Doherty's private car. He expects to be about a week or ten days, and yesterday the Council graciously gave him permission to leave the city for that length of time.

The Mayor also is interested in mines in Mexico, but he says that this trip has nothing to do with his business ventures in the southern republic.

WIDENING DEFERRED.

SAN PEDRO-STREET TANGLE.

Once more the opening and widening of San Pedro street has received a solar plexus blow at the hands of the Council.

With the possible exception of the change of grade on Temple street north of Fifth street is the most time-honored subject that ever came before the Council. It is fairly hoary with age.

For the last eighteen years the opening and widening of this street has been before the City Council. It is said.

It has been debated, discussed, argued and fought about regularly, week after week, for months and months.

This time the Council thought the opening and widening of this street was going through. But, no! A delegation of indignant citizens appeared yesterday, there was more discussion, a vote was taken and all proceedings abandoned.

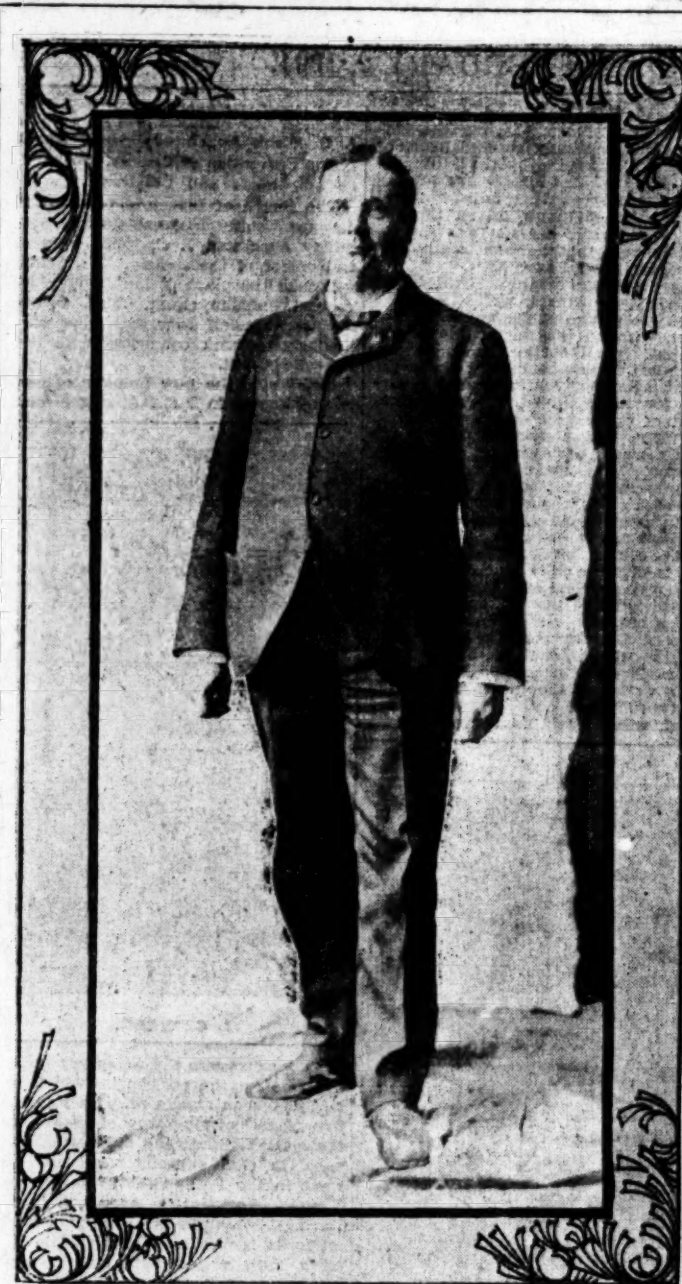

The property owners will have to pay the cost of advertising. Once before they paid \$100 in fees and advertising expenses to have the proceedings dismissed. At that time the proposed opening ran from Aliso to Fifth street.

TESTING THE TRANSFER RIGHT.

MRS. S. M. MAXWELL SUES THE PACIFIC ELECTRIC.

Claims Damages for Being Ejected, and Bases Her Demand on the Franchise Under Which the Company is Now Operating.

Mrs. S. M. Maxwell and Edward Maxwell began a suit yesterday against the Pacific Electric Company, because a transfer from the Main street car to the East Ninth-street car was refused her, and she was ejected from the Ninth-street car.

The suit is a transfer from the Main street car to the East Ninth-street car, which was refused her, and she was ejected from the Ninth-street car.
